

ABO-RH TYPING REPORT

Sample ID: Sample ID 2
Donor Center Code:
Date Sample Collected:
Date Sample Received in Lab: 08/16/2017
Date Results Reported: 11/26/2021

Client Local ID:
Donor Name :
Donor Alias :

ABO-RH Typing:

Allele1	Allele2	Predictable ABO Phenotype	RH	Predictable Blood Type
0000	0000	0000	0000	0000

Note:

1. Typing Method: Illumina Miseq
2. ABO/Rh typing reported to be used for research purpose only
3. ABO/RhD typing by molecular methods is used only for the purpose of presumptively listing the predicted ABO/RhD phenotyping.
4. The Registry listing of ABO/RhD may only be used as predictive value and may not be used as one of two required tests performed by an FDA or CMS approved method. Our Laboratory policy state that ABO/RhD typing by molecular methods is not used for clinical purposes.
5. A2 represent **ALL** the Non - A1 sub types, including A2
