

**ABO-RH TYPING REPORT**Sample ID: Sample ID 1  
Donor Center Code:   
Date Sample Collected: 10/13/2021  
Date Sample Received in Lab: 10/21/2021  
Date Results Reported: 10/26/2021Client Local ID:   
Donor Name :   
Donor Alias : **ABO-RH Typing:**

Allele1	Allele2	Predictable ABO Phenotype	RH	Predictable Blood Type
B	O	B	+	B Rh+

**Note:**

1. Typing Method: Illumina Miseq
2. ABO/Rh typing reported to be used for research purpose only
3. ABO/RhD typing by molecular methods is used only for the purpose of presumptively listing the predicted ABO/RhD phenotyping.
4. The Registry listing of ABO/RhD may only be used as predictive value and may not be used as one of two required tests performed by an FDA or CMS approved method. Our Laboratory policy state that ABO/RhD typing by molecular methods is not used for clinical purposes.
5. A2 represent **ALL** the Non - A1 sub types, including A2
